

Souderton *Community Park* **RENOVATION**

Souderton-Telford
Rotary

We're excited to announce the renovation and beautification of the Souderton Community Park. Led by the Souderton-Telford Rotary Club, this extensive 6-year project is designed to benefit people of every age, interest and walk of life in the Indian Valley Community.

The park renovations will add many new functional and aesthetic features including restrooms, a kitchen facility, paved parking, new lampposts, pathway lighting, ADA landing areas along paths, sculpture gardens, playground and fitness equipment, and the refurbishment of many existing, much-loved park features.

Opportunities available to honor friends or family on the donor wall, a bench, tree, or other areas of the new park.
